The 6th posthumously released studio album from the late hip hop icon Tupac Shakur (2Pac) has seen its official release yesterday (November 21, 2006).

To help celebrate the release and the life of the hip hop icon, ThugLifeArmy.com and our media partner CRNLive.com, thru co-operation with product being provided by Amaru and Interscope records; are proud to announce a give away for Tupac's new release 'Pac's Life'.

The video for the single 'Pac's Life' will premier tonight on BET's Access Granted at 7:30 Eastern Time. This hip hop video features T.I. and Ashanti and the Access Granted show will also have the director of the video, Gobi on the set of the video. The video also has previously unseen footage of the hip hop icon Tupac (2Pac) in it.

Gobi, the director of the 'Pac's Life' video told Robert from ThugLifeArmy.com "I think this is the best video since he (2Pac) passed. Granted 'Changes' was all footage of him, still I think he'd be proud of this one."

We have set up a page that will make it easy to enter the give away and vote on BET and MTV for the video for Pac's Life.

The page also includes a variety of banners that web sites and myspace users can add to their sites to encourage voting for the video on BET and MTV.

There is also a link for the 'Celebrate "PAC'S LIFE" Contest. This contest is being run by Amaru
