Do you love music? Wouldn't it be great to tell your friends that you helped a local band break big on the national scene? We are an independent A&R scouting network backed by RCA Records, and we need your ears to find new talent. Our goal is to educate, as well as help you gain experience and knowledge of the music industry. We are highly selective and recruiting a limited, elite corp of A&R Scouts across the U.S. and Canada to train and direct.
