The debut albums from Hall of Justus Music Group/ 6 Hole Records artists hip-hop MC L.E.G.A.C.Y. and THE AWAY TEAM is to be released

worldwide on July 12th 2005.

After being included in the hugely hip-hop popular limited edition box set NATIONAL MAYHEM, L.E.G.A.C.Y.'s Project Mayhem, and The Away Team's National Anthem will finally be released for individual sale.

Hip-hop MC L.E.G.A.C.Y.'s stellar debut, backed by the sure-shot production of 9<sup>th</sup> Wonder (of Little Brother) and Khrysis (of The Away Team) has

earned critical acclaim for it's sonic boom, and LEG's introspective,

dark lyrics. Project Mayhem features cameos from Phonte (of Little

Brother), and Justus League members Chaundon, Median, Joe Scudda and

more.

In the tradition of Gang Starr and Reflection Eternal, The Away Team pairs the tried-and-true tandem of the producer and MC tag-team.

SEAN BOOG (the MC) and KHRYSIS (the producer) craft hard-hitting hip-hop that reflects both their East Coast roots, and their days in North Carolina.

The Away Team, who will be profiled in August issue of The Source Magazine, feature guest spots from

underground hardcore

rap artists

Boot Camp vets Smif-n-Wessun, Rapper Big Pooh and Phonte of Little Brother, and League members Joe Scudda, Chaundon and Percy Miracles.

6 Hole Records is owned and operated by Desi Relaford of the Colorado Rockies. The Hall of Justus Music Group is comprised of members from Little Brother (Atlantic Records), Yazarah, The Away Team, L.E.G.A.C.Y., Chaundon, O-Dash, Khrysis, Joe Scudda and others.
