There is a new voice in West Coast hip hop and rap: Young Maylay aka CJ (lead character and voice in "Grand Theft Auto: San Andreas").

Rap artist Young Maylay, born on the West Coast, raised in Los Angeles amidst the turbulence of riots and gang violence has been cultivating his hip-hop lyrical skills since a teenage G.

Young Maylay is emerging onto the hip hop scene with the whole West Coast behind him pushing. The message is certified authentic experiences of inner city life which led to Young Maylay being featured on popular compilations and underground mix tapes such as Killa Tay's "Thug Thizzle" (2000), and Rodney O & Joe Cooley's "Summer Heat" (2002).

The showcase of Young Maylay's talents has gained him the respect and acknowledgement within LA's Hip Hop establishment. Maylay will release his mix tape this summer and is currently featured on King T's Latest album "Ruthless Chronicals" (out now).

Rap artist Young Maylay is well on his way to leaving an indelible mark on Hip Hop.

Currently Young Maylay has expanded his presence beyond the realm of music with the lead role of Carl "CJ" Johnson in Rockstar Games "Grand Theft Auto:San Andreas".
