Activist hip hop MC N.Y.OIL, renowned for his unabashed commentary and the attendant controversy that has arisen over his no-holds barred examination of hip hop music and culture, unveils the video for "Hip hop Ya Don't Stop."

A journey through hip hop culture and history, "Hip hop Ya Don't Stop" is replete with classic hip hop imagery, from Doug E. Fresh to shots from the classic film "Wild Style," from the history of Mathematics to the emergence of black culture in mainstream America.

With "Hip Hop Ya Don't Stop," N.Y.OIL provides a visual encyclopedia of the innocence, excitement and genuine passion that has defined true hip hop culture over the last 20+ years.
