"Wake Up Everybody," a cover of the classic track done by Harold Melvin & The Blue Notes to raise voter awareness and encourage involvement in the political process. On very few occasions does life present us with the opportunity to participate in something of historic proportions, which will serve to influence the course of our Nation's future. Wake Up Productions has produced a landmark song in the vein and scope of "We Are The World." This will be an event destined to make history and certain to affect change in our Nation. Now more than ever, it is imperative that every single citizen register and exercise their right to vote. ACT is determined to mobilize voters by talking to them at their front doors, on the phone, and in the mail about the issues that are important to them.
